Technique and Performance, Perform a 1-minute solo (choreographed by you),

Interview with the dance teachers

chants, sidelines, fight song

Pulse Dance Company Members is designed for the technically advanced dancer and performer who wishes to gain professional dance experience at DRHS and within the dance community. PDC is designed to develop versatile dancers, sound choreographic artists, and strong advocates for the arts by providing valuable and diverse performing experiences. In addition to a 1-hour technique class during the school day, PDC requires after-school commitment on various days based on the needs of the group. Pulse/Varsity is a group of dancers that have a greater desire to dance and take their commitment to the next level. In addition to being talented dancers, Pulse members must be very dedicated and responsible. Varsity POM is an extension of Pulse Dance Company. After-school rehearsals are required on Wednesdays (1:30-3PM) & Fridays (2:30-4:30/TBD?). Pom performs sidelines at all football, basketball, and any other games listed on our calendar at the beginning of the season. Select individuals will be representing our team in competition and the cost will be fundraised by the entire team.
